

Headquarters Miss Sir of the Gulf
New Orleans La July 17. 1863

Honble. Hugh McCulloch
Secretary of the Treasury

On a personal interview
with Mr. Bonzano, in charge
of the United States Mint
I find that it would take
but a few minutes to per-
form the work of striking
off these medals and I do
most fully recommend to
the Secretary that this pri-
vilege be granted: It will
be highly appreciated by
the State and the commu-
nity, and would be no
expence to the General
Government.

P. H. Sheridan
Major Genl U.S.A.

New Orleans 17th July 1861

To the Hon^d N^o Mr^c Cullock }
 Secretary of Treasury }
 Washington D.C. }

Sir

I have the honor, to request permission to use
 the large Press at the U. S. Mint in this city to
 strike up some One Hundred and Twenty Gold
 & Silver Medals for the State Mechanical and
 Agricultural Fair to be held in this place in the
 month of November. It being a Statematter, the
 Directors are desirous of having all the work
 done here, and the aforesaid Press is the only one
 powerfull enough for that purpose. It would be
 necessary to use the Press for half an hour only,
 and as the Medal is the size of a Twenty Dollar piece
 no change or alteration of any kind would be re-
 quired. The Press is arranged, so that it can be
 worked by hand.

Dr. Bangsano Supt. of the Mint, has kindly
 consented to forward this communication to you.
 Trusting that under these circumstances you
 will consent & permit the use of the Press

I have the honor to remain
 Most Respectfully

Your obdt. servt.

C. H. Zimmerman
 J. E. Lachmeyer

[Endorsement on back of letter.]

Headquarters Military Division of the Gulf
New Orleans, La.
July 17, 1866

Honorable Hugh McCulloch
Secretary of the Treasury

On a personal interview with Mr. Bonzano, in charge of the United States Mint, I find that it would take but a few minutes to perform the work of striking off these medals and I respectfully recommend to the Secretary that this privilege be granted. It will be highly appreciated by the State and the Community, and would be no expense to the General Government.

P. H. Sheridan
Major General, U.S.A.

New Orleans
July 17, 1866

To then Hon'd Hugh McCulloch
Secretary of the Treasury
Washington D.C.

Sir:

I have the honor herewith to request permission to use the large press at the U.S. Mint in this city to strike up some one hundred and twenty gold and silver medals for the State Mechanical and Agricultural Fair to be held in this place in the month of November. It being a State matter, the Directors are desirous of having all the work done here, and the aforesaid press is the only one powerful enough for that purpose. It would be necessary to use the press for half an hour only, and as the medal is the size of a Twenty Dollar pieces, not change or alteration for any kind would be required. The press is arranged so that it can be worked by hand.

Dr. Bonzano, Superintendent of the Mint, has kindly consented to forward this communication to you, trusting that under these circumstances you will consent and permit the use of the press.

I have the honor to remain,
Most respectfully,
Your obedient servant
C. H. Zimmermann
Ppr. E. Lachenmeyer
